WORK EXPERIENCE

- 2012
Present
- CAM Engineer.**
ECI Technology Group Inc.
Extensively worked on the design, development & manufacturing process of Printed Circuit Board. Worked with CAM 350 and Front-line Genesis 2000 to edit Gerber files. Followed PCB manufacturing processes, adhering to both the company's high standard and the client's unique requirements, communicate with customer to resolve technical issues. Demonstrated my ability to change career using my core skills & experiences.
- 2007
2011
- Sr. Architect & Interior Designer**
THE gRID Architects & Interior Designers. (India)
Developed & designed, conceptual, working, landscaping and interior plans for residential and commercial projects. Participated in the entire process, from drafting the sketches to working with the developer on-site. Leveraged graphic design skills with my personal ethos to create compelling results. Prepared & designed all documents- brochures and pamphlets etc. Required for Presentation purpose.
